Painting/Drawing

**"Firecracker Ghost", 2004
(20" X 40" acrylic on wood)**

Artist's Statement:

My work focuses on process, using flowers and plants to generate floral forms. I use two Techniques: In the first, I bend canvas frames to create shapes to evoke the abstracted floral forms. I use vivid color and pigment transfer to create a gestalt effect. In the second, I layer complex patterns, then sand the surface, liberating the underlying paint. This accentuates the wood surface and paint strokes, displaying the essence of the abstracted subject. The work uses color sensitively, and depends on numerous layers for subtlety and expression. The work has numerous details, providing new discoveries at each step.
