Painting/Drawing

Boathouse Cypress Grove Park 2002 22X28 Oil

Artist's Statement:

I am inspired by the tradition of oil painting "en plein air". Painting directly from nature and observing the effects of light, weather and season on the landscape allows constantly changing possibilities of artistic expression. My Paintings present to the viewer an authentic sense of place, and yet are interpretations of the experiences encountered during the creation of the piece, i.e., light, weather, and season. Their creation has allowed me intimate connection to this time and to these vanishing places. It is my hope that my paintings share the beauty, peace and serenity I find out in the natural World.
