

Art Glass in Orange County

Blessed Trinity

Map #47B

Churches

They have built a new church and in 2009 are bringing 8 stained glass windows from the old church and placing them in the new church: four in the Blessed Sacrament Chapel and four behind the organ and choir. Hopefully, this move (as well as bringing the Stations of the Cross to the new church, will accomplish two purposes, according to their web site:

- It will bring the Symbols of Faith that nourished this community for 40 years into our new house of prayer.
- It will provide a ring of color around the church meeting with the old “new” stained glass windows.

Blessed Trinity

4545 Anderson Rd.
Orlando, FL 32812
