

Art Glass in Orange County

St. George Orthodox Church Map #27

Churches

The church has regularly added stained glass from Leussis Studios in St. Augustine, [Pickel Studio](#) in Vero Beach and from the Nobis and the [J. Piercey Studios](#) in Orlando. The most unique piece is found above the sanctuary in the inner dome where Christ is surrounded by 12 saints, 6 men and 6 women, who have been given the honorific title of "equal to apostles". The large semi-circular window facing Lake Eola of Mary and Jesus is by James Piercey. The 10 street-level exterior doors all feature stained glass images of saints.

They were designed to bring the church outside to those who might not come inside.
