By signing and submitting this application form, I am applying for the permit identified above, according to the supporting data and other incidental information filed with this application. I am familiar with the information contained in this application, and represent that such information is true, complete, and accurate. I understand this is an application and not a permit, and that work conducted prior to approval is a violation. I understand that this application and any permit issued pursuant thereto, does not relieve me of any obligation for obtaining any other required federal, state, water management district or local permit prior to commencement of construction. I understand that Orange County will make no representation as to the proposed project on navigability or safety. For that reason, I understand that it may be advisable for me to consult with an expert in navigability and safety issues. I agree, or I agree on behalf of my corporation, to operate and maintain the permitted system unless the permitting agency authorizes transfer of the permit to a responsible operation entity; I understand that knowingly making any false statements or representation in this application is a violation of Section 15-256, Orange County Code.

Sec. 15-254. Policy, purpose, intent and scope. "All those persons desiring to perform or cause to be performed any clearance of shoreline vegetation shall be required to obtain a permit in conformance with the procedures and standards set forth in this article, unless exempted by these regulations. The board of county commissioners hereby delegates authority to the county environmental protection department to grant a permit in accordance with the provisions of this article provided the applicant demonstrates that the clearance of shoreline vegetation will not materially affect any of the rights and interests of the public set forth in this article. This article shall be administered by the environmental protection officer or his designee and references to environmental protection officer in this article shall include reference to his designee."

In addition to County and local permitting requirements, there are state agencies that regulate the construction of docks and associated structures. It is recommended that you contact the State to get their information:

**Florida Department of Environmental Protection, Central District
Submerged Lands and Environmental Resources Permitting Section
3319 Maguire BLVD.; Suite 232
Orlando, Florida 32803-3767
(407) 894-7555**

If you are considering other projects along your shoreline such as:

- clearing or filling wetlands,
- clearing shoreline vegetation,
- removing muck,
- installation of boat ramps or seawalls, etc.,

please be aware that the County also has regulations pertaining to these activities. Contact Division staff for permitting information on these activities.
