February 2005

## Board of County Commissioners Public Hearing

The study team for the Econlockhatchee Trail and the Valencia College Lane Roadway Conceptual Analysis (RCA) studies will present the recommendations of the RCA study to the Orange County Board of County Commissioners (BCC) at a Public Hearing on Tuesday, February 22, 2005. The hearing is scheduled to begin at 3:30 pm and will be held at the Orange County Administration Building located at 201 South Rosalind Avenue, Orlando (see Public Hearing Location Map). There will be an opportunity for public input following a formal presentation by the study team. All interested persons are invited to attend and be heard at this hearing. Following BCC approval, the project will move forward to the design phase, followed by right-of-way acquisition and construction. Any person wishing to appeal any decision made by the BCC at this hearing will need a record of the proceedings. For that purpose, such person may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based.

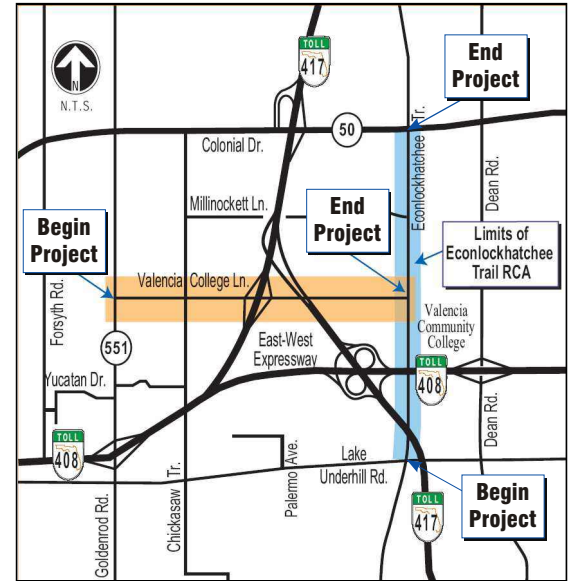

## Preferred Improvement Concept

The project study team has developed a preferred improvement concept for the Econlockhatchee Trail and the Valencia College Lane projects for widening from two lanes to four lanes. This preferred improvement concept was developed using your input and such factors as location and cost of additional right-of-way, location of retention ponds, placement of median openings, turn lanes and additional traffic signals. The preferred improvement concepts and typical sections will be on display at this public meeting for your review and comment.

## Get Involved

Orange County is interested in your ideas and opinions on issues pertaining to this study. Please come to the meeting and get involved in planning the improvement for your neighborhood.

You can also visit the project Web site at [www.OrangeCountyFL.net](http://www.OrangeCountyFL.net). Click on "Hot Topics and Projects", then "Traffic and Transportation" and finally "Econlockhatchee Trail RCA and Valencia College Lane RCA".
