## Mixed Media, Painting/Drawing

Between Kingdoms (Oil on Wood) 12" x 12"

Realized Desire (Acrylic & Dry Pigment on Silk Organza with Gold Leaf — 41" x 60")

### Artist's Statement:

*The mixed media paintings are composed of layers of dyed, painted and beaded silk organza. The transparent layers build up veils of color and texture. They range in size from small to very large; either suspended in a shadowbox frame or hung on the wall, unframed, like a tapestry. I am also working on 12" x 12" wood panels with fantasy scenes painted in oil. The individual panels can be grouped and regrouped like tiles to form different configurations, making them easily adaptable to various themes from flowers and plants to portraits to other specific commissioned scenes.*
