I \_\_\_\_\_, understand that Orange County may obtain a consumer report and hereby authorize Orange County to obtain a consumer report on my background in connection with my application for employment.

\*What is a Consumer Report?

A Consumer report contains information about your personal and credit characteristics, character, general reputation, and lifestyle. To be covered by the FCRA, a report must be prepared by a consumer reporting agency (CRA) - a business that assembles such reports for other businesses. Employers often do background checks on applicants and get consumer reports during their employment. Some employers only want applicant's or employee's credit payment records; others want driving records and criminal histories. For sensitive positions, it's not unusual for employers to order investigative consumer reports – reports that include interviews with an applicant's or employee's friends, neighbors, and associates. All of these types of reports are consumer reports if they are obtained from a CRA. Applicants are often asked to give references. Whether verifying such references is covered by the FCRA depends on who does the verification. A reference verified by the employer is not cover by the Act; a reference verified by an employment or reference checking agency (or other CRA) is covered. **Section 603(o) provides special procedures for reference checking; otherwise, checking references may constitute an investigative consumer report subject to additional FCRA requirements.**
