

Art Glass in Orange County

St. John Evangelical Lutheran Church Map #13

Churches

Brilliant faceted glass windows by [Willet Studios](#) have lit the night for the many cars passing by on Hwy 17-92 since 1970. A ribbon of windows wrapping around the building present a rainbow spectrum of colors relating to the seasons of the church. Eighteen faceted window "squares" designed and created by Nobis Studios fill the chapel, which was dedicated in 1978.

St. John Evangelical Lutheran Church
1600 S. Orlando Ave.
Winter Park, FL
