Artist's Statement

Recently I have been working on a group of totally imaginary magic surrealistic oil paintings that I am calling my "Water Circus" series. The joy of taking a man-made or natural object and creating something new and fresh is very appealing to me. I allow myself a chance to play, to feel the rhythm of their form and reveal the hidden image in a new and unique way. I like to leave all possibilities open, to start unattached to the outcome, with everything totally permitted, thus enabling me to fully enjoy the process of discovery.
