

Art Glass in Orange County

First Baptist Church of Orlando

Map #46

Churches

A large stained glass window with a standing figure of Christ, above the food court in Faith Hall was brought from the old downtown location where it had been installed in 1917. The small Marie Williams Chapel, a separate building also on the campus, has a dozen stained glass windows contributed by members with scriptures selected by long time pastor Jim Henry. There is also a biblical panorama in the worship center.
