RESOURCE DIRECTORY**

Prepared by

The Health Council of East Central Florida, Inc.

and funded by a Ryan White CARE Act Part A grant,

administered by the Orange County Health and Family Services

Part A Grantee Office and the

Orlando EMA HIV Health Services Planning Council

Health Council of East Central Florida, 2008

This directory is intended to be a resource guide for consumers to providers in Brevard, Lake, Orange, Osceola and Seminole Counties.

Inclusion in this directory is not a guarantee of service, nor is it endorsement of provider services.

Ryan White agencies were asked to supply their references to providers their clients have utilized. The provider location, phone and website availability have been verified to the date of this submission. Any changes in information may be reported to the Health Council at any time for update throughout the year.

Services may be intermittent with some agencies, due to fluctuating financial availability and budget limitations.

In most cases, hours of operation are available on the provided agency website. Phone numbers and fax numbers are also included for your appointment scheduling convenience.

For your convenience, additional in-depth resource websites are:
