Purpose

The Orange County Neighborhood Organization Directory is an annual publication of Orange County Government’s Neighborhood Preservation & Revitalization Division. The directory provides access to an extensive network of neighborhood groups and community associations with varied and valuable experiences to share. The Neighborhood Preservation & Revitalization Division uses the directory as a formal neighborhood mailing list. Mailings include notices of special events, such as the annual Orange County Community Conference, monthly Community Connections Workshops, informational guides, Neighborhood Pride Grant information, newsletters, important emergency response information, public notices (re-zonings, road construction projects, etc.), and more.

If your neighborhood is within Orange County (all unincorporated and incorporated areas) and you would like to include your neighborhood organization in the printed directory and/or the mailing database, simply complete the registration form located in the back of this publication or at our website online: www.ocfl.net/neighborhoods.

Please contact our office to provide comments or concerns regarding this directory. We are always open to suggestions for improvement. Your comments will help us continue to provide valuable and beneficial materials to the residents and neighborhood leaders of Orange County.

District One celebrates both the rural tranquility of Orange County’s small town past and the excitement of its cutting-edge future. The Cities of Winter-Garden and Ocoee and the Town of Oakland lie at the northern boundary of District 1 and offer both the convenience of a country lifestyle and a wide range of urban amenities.

District Two located in northwest Orange County, offers the choice of a rural or urban lifestyle. The quiet communities of Tangerine and Zellwood are located in the District’s northwest section. Tangerine is situated along U.S. Highway 441 near the Orange / Lake County line. Zellwood, home of the annual Zellwood Sweet Corn Festival, is south of Tangerine.

District Three comprising north central Orange County, is the center of business for the County and Central Florida. Orlando’s central business district is located within the District’s western section.
Jennifer Thompson  
District 4 Commissioner  
Telephone: 407-836-7350  
Email: District4@ocfl.net

District Four is Central Florida’s gateway to the world. Quality and innovation are the hallmarks. In contrast to the fast pace set by the Orlando International Airport, there are ample areas in District Four to the south and east untouched by urban life. The Econlockhatchee and St. John’s Rivers flow through the eastern side and wetland/conservation areas are scattered throughout this District.

Emily Bonilla  
District 5 Commissioner  
Telephone: 407-836-7350  
Email: District5@ocfl.net

District Five has experienced rapid growth and a transition from a rural environment to urban development. The University of Central Florida & Research Park play a major role in stimulating economic and residential development in the District.

Victoria P. Siplin  
District 6 Commissioner  
Telephone: 407-836-7350  
Email: District6@ocfl.net

District Six is the leading tourist destination of the world. Many of our vacationing guests stay at the hotels and motels on International Drive. In addition to lodging accommodations, visitors can walk or ride the I-ride bus system to a variety of exciting restaurants, entertainment, and shops along International Drive.

Orange County Fast Facts

Location: 28.5139 N Latitude & 81.3221 W Longitude, in East Central Florida, USA
Area: Total area: 1,003 square miles, land area 907.6 square miles
Incorporated: Dec. 29, 1824  County Seat: Orlando

Geographic Location
Orange County is situated in the approximate center of the state of Florida, midway between Jacksonville and Miami. The St. Petersburg-Tampa area on the Gulf of Mexico and Daytona Beach on the Atlantic Coast are easy drives for beach-goers.

Two of the state’s major highways, Interstate 4 (east-west travel) and the Florida Turnpike (north-south travel), intersect just outside the City of Orlando in unincorporated Orange County.

Orange County History
Immediately after the secession of Florida by Spain in 1821, the territory was divided into two counties: Escambia (which included the northern portion) and St. Johns (which included all the territory lying to the south and east of the Suwannee River). Three years later, the Legislative Council separated the central portion of Florida to form Mosquito County. This vast region contained 466 residents according to the 1850 census.

After Florida became a state in 1845, the County was renamed Orange County. Its territorial limits as they exist today were defined in 1913 and encompass an area of approximately 1,000 square miles. There are 13 municipalities within Orange County; Orlando is the county seat.

Orange County Charter
Orange County is a Charter County, meaning it has its own constitution and is self-governing. Having a Charter gives the County the ability to respond to a changing environment and meet local needs.

The first Charter was adopted in November 1986 and went into effect on January 6, 1987. In November 1988, voters approved the creation of a new form of government for Orange County: a chairman elected by the community at large and the creation of six single-member districts.

Neighborhood Organization Directory - Neighborhood Preservation & Revitalization Division Mission

Mission

“The Orange County Neighborhood Preservation & Revitalization Division strives to empower citizens and businesses by engaging them in a method to identify neighborhood needs and issues so that resources can be accessed to help revitalize, strengthen, and preserve the physical, social, and economic value of Orange County Neighborhoods.”

The purpose of this Orange County Government agency is to provide assistance and resources to citizens in revitalizing and protecting neighborhoods. This Division assists citizens and neighborhood organizations in the establishment and maintenance of community organizations and serves as a resource to Orange County’s neighborhood leaders, including those leaders of mandatory homeowners associations created under Florida Statute 720 and condominium associations created under Florida Statute 718. The Neighborhood Preservation & Revitalization Division also develops revitalization strategies for targeted communities and produces programs and techniques that educate citizens to improve the quality of life in all communities. For more information about the Orange County Neighborhood Preservation & Revitalization Division, please contact us at:

Neighborhood Organization Directory
This side left intentionally blank
Introduction

The Neighborhood Organization Directory provides access to an extensive network of community groups and associations. These organizations are very diverse and have valuable experiences to share; since many neighborhood groups face similar challenges and enjoy similar successes this Directory can be a great networking tool in finding solutions to your neighborhoods concerns. We hope you find the information contained in this directory useful and beneficial to your neighborhood. The numerous neighborhood organizations in this Directoy are recognized by Orange County officials, businesses, and other organizations; the Neighborhood Organization Directory is an essential community-building tool. However, please note that a listing in this publication does not institute the validity of that organization or its representatives.

We encourage all neighborhood organizations within Orange County to be a part of the directory. In addition to the benefits listed above, the Neighborhood Preservation & Revitalization Division uses the directory as its formal neighborhood mailing list. Mailings include notices of special events such as the Orange County Community Conference, monthly Community Connections Workshops, informational guides, funding opportunities for neighborhood projects, newsletters, and more. Other County divisions also use the directory to notify the public about rezoning hearings, road projects, traffic improvements, new developments, etc… To include your neighborhood organization in the directory, simply complete the registration form in the back of this publication or register online at:

www.ocfl.net/neighborhoods

This directory is separated into the current Orange County Commission Districts with the neighborhood organizations distributed accordingly. However, an alphabetical index of all neighborhood organizations listed is available in the back of this publication.

The Neighborhood Organization Directory has been in development for several years. Some data may be outdated due to ongoing board member changes within the neighborhood organizations. Also note that a number of organizations have opted not to be listed in this printed publication. This directory is produced annually and every effort is made to accurately include all up-to-date information that has been provided to the Orange County Neighborhood Preservation & Revitalization Division. If you find an error, please inform our office at 407-836-5606.

Neighborhood Organization Mentor Network
This side left intentionally blank
Neighborhood Organization Mentor Network

Neighborhood Preservation & Revitalization Division maintains a list of mentors that have volunteered to serve as a resource for neighborhood organizations. The Neighborhood Organization Mentor Network is designed to pair neighborhood organizations that have questions with experts in various topics pertinent to neighborhoods and the operation of neighborhood organizations.

Here is how the Neighborhood Organization Mentor Network works: a neighborhood organization in need contacts one of the mentors listed in this directory that is designated as an expert in the specific subject matter in question. These mentoring organizations have identified a volunteer resident that is willing to provide assistance with specified area or areas of expertise. Examples of assistance may include tips on resolving conflicts, ideas and expertise in newsletter production, neighborhood organization website development, tips on running effective meetings, recruiting volunteers, and much more. A Neighborhood Organization Mentor agrees to assist a neighborhood organization upon request. Together, they arrange a meeting date and location, or establish the medium used (i.e. email, telephone, etc.) to provide assistance.

In order to facilitate this mentoring effort, a number of organizations have identified as mentors. These mentors are listed in the following pages. We hope this information will help to form lasting partnerships between organizations.

The Neighborhood Mentors listed are willing to assist other neighborhood organizations in the following fields of expertise:

- Adopting-a-Voting-Precint
- Bylaws (Creating/Revising)
- Covenant Enforcement
- Crime Prevention
- Emergency Preparedness
- HOA/Condo Association - Insurance
- HOA/Condo Best Practices
- Increasing Resident Involvement
- Mobile Home Park Issues
- Newsletter Production
- Obtaining Nonprofit 501(c)(3) Status
- Parliamentary Procedures (Robert’s Rules)
- Speakers (Subject Specific)
- Starting a Neighborhood Watch
- Resolving Neighborhood Conflict
- Revising CC&R’s
- Website Development
- Other as listed…

We welcome your comments and suggestions concerning the Neighborhood Organization Mentor Network and we hope you find it useful. Please contact the Neighborhood Preservation & Revitalization Division (407-836-5606) if you are interested in being a Neighborhood Organization Mentor. Neighborhood & Revitalization staff often asks Mentors to speak at workshops or share their expertise at the Annual Orange County Community Conference.

(SUPPLEMENTAL) Neighborhood Organization Mentor Network: Would your organization be willing to mentor a newly formed neighborhood organization? This program offers a unique opportunity to share knowledge with another organization that is struggling in a particular area. Only if your organization is willing to be a mentor at “no charge” should you complete this section, providing necessary contact information and checking field/s of expertise for which your organization will offer assistance:

Mentor’s Name: ____________________________ Telephone: ____________________________ Email: ____________________________

☐ Starting a Neighborhood Watch Program ☐ Creating/Revising Bylaws ☐ Fundraising
☐ Roberts Rules of Order (Parliamentarian Procedures) ☐ Increasing Resident Involvement ☐ Newsletter Production
☐ Obtaining Nonprofit 501(c)(3) Designation ☐ Resolving Neighborhood Conflict ☐ Web-site Development

☐ Other: (Please Explain) ____________________________

501 (c) (3) Non-Profit Community Service Providers (Please complete this section)

Services - Tell us about the services your organization provides to the community: (only respond if you’re a Non-Profit Organization)

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

Services Boundaries - Where in Orange County does your organization provide these services:
