

Educational Assistance Reimbursement Instructions

Overview:

Orange County has established policy *105.5 Educational Assistance* to help eligible employees improve job skills and enhance their opportunities for advancement within the County. Educational assistance is intended for completion of coursework, associated with a degree, which mutually benefits the County and employee through enhancement of job performance and future potential in the employee's service to the County. These instructions provide the guidelines for eligibility, reimbursement limits, and the process for requesting assistance, ensuring fair and consistent application of educational benefits.

Employee Eligibility:

Reimbursement is made only to employees, after completion of the six (6) month initial hire probationary period who are on active payroll upon successful completion of coursework and submission of reimbursement paperwork. Educational Assistance is for tuition cost and costs incurred in the registration process (books are excluded). Reimbursement amount per fiscal year is \$2,500 for full-time employees and \$1,250 for part-time employees with less than 35 hours per week. If employee separates from the County within 12 months from the course completion date, the reimbursement amount may be withheld from employee's final payment.

**Please, note that bargaining unit contracts may differ from Orange County Policy and Operational Regulations.*
