OK Cancel Apply	

3. Check the following boxes, click the Delete button and click Okay when finished.

Delete Browsing History
Preserve Favorites website data Keep cookies and temporary Internet files that enable your favorite websites to retain preferences and display faster.
Temporary Internet files Copies of webpages, images, and media that are saved for faster
viewing.
Cookies Files stored on your computer by websites to save preferences such as login information.
✓ History List of websites you have visited.
Form data Saved information that you have typed into forms.
Passwords
Saved passwords that are automatically filled in when you sign in to a website you've previously visited.
InPrivate Filtering data Saved data used by InPrivate Filtering to detect where websites may be automatically sharing details about your visit.
About deleting browsing history Delete Cancel

4. Close the browser, then reopen it again and navigate back to OCFL.NET

Still having issues with the online employment application after clearing the browser cache:

Page doesn't look right or Progress Wheel will just spin without ever taking you to next page?

Some versions of Internet Explorer (IE) may require the browser be set to compatibility mode for the Orange County External Career Website to work correctly. If your Internet Explorer recognizes that the displayed webpage is not compatible, you'll see the Compatibility View button on the

Address bar. Click the button and it should fix the issue.

Internet Explorer by default doesn't run in compatibility mode; sometimes it requires that the compatibility mode be set. Running Compatibility View, the webpages will display as if you were viewing them in a previous version of Internet Explorer, which will often correct display problems.

If you cannot see the the Compatibility View button, the compatibility mode may not be enabled. To enable the Internet Explorer Compatibility Mode follow the next steps:

1. Press the Alt key on your keyboard to bring up the top menu.
