Home Owners Associations & Trespass Towing

Rules & Laws Governing Towing in Orange County

- Orange County Code - Chapter 35, Article II, Division 3 - Section 35-56
- Florida Statutes - Chapters 713 and 715

The main goal of condominium or homeowners association boards is to make their members feel at home. That begins with ensuring that everyone within your association knows and respects the rules, which are geared toward making every owner's life safe, peaceful, and predictable. A common area where problems occur is illegal parking.

Everyone can understand that having your vehicle towed is a negative emotional and financial experience. It's also easy to understand how infuriating it might be to come home and see a car in your spot or its wheels on your grass! Here are the basics when managing towing issues.

Guidelines for Towing Vehicles on Streets

If the HOA owns and maintains the streets in your subdivision or complex, the HOA **may authorize** towing on the streets, however;

- You must have a signed contract with a towing company.
- Your site must have proper signage.
- An authorized representative of the HOA must authorize every tow.

If the COUNTY owns and maintains the streets in your subdivision or complex, the HOA **may not authorize** towing on the streets, however;

- A homeowner or lessee of real property may have a vehicle towed if it impedes ingress and egress of the driveway.
- County law enforcement may tow if county-issued "No Parking" signs are posted.

Rx PRESCRIPTION

Before you park
