### IMPORTANT APPLICATION INFORMATION

A pre-application meeting is required prior to applying.

Public hearing dates and Community meeting date ranges are tentative and subject to change.

The applicant is required to place "notice of public hearing" posters on the property. All posters must be posted on the property at least two weeks prior to the first public hearing date.

The applicant, or an authorized representative, must be present at the LPA and BCC public hearings.

If approved, and not challenged by an affected person, the amendment will become effective 31 days after the Florida Department of Economic Opportunity notifies the County that the plan amendment package is complete.

For small-scale amendments that are concurrent with PD Rezoning, this schedule may not apply as the timing would be dependent on when the PD is reviewed by the Development Review Committee (DRC) prior to moving forward to the Local Planning Agency / Planning and Zoning Commission. Typically, PD Rezoning take 4-5 months to get to DRC.

A Conservation Area Determination (CAD) may be required by the Environmental Protection Division (EPD) of Orange County to identify wetlands and waterbodies.

**\*Adoption of Vision 2050 in late-2024 may void in-process applications and a new process/application would be needed to change the Vision 2050 map.**

**\*\*If this cycle is not voided, applications for this cycle will not be accepted until June 12<sup>th</sup>.**
