Device Requirements for remote inspections:

- Contact person must have a web-enabled mobile device capable of video calls.
- Contact person must grant access to microphone, camera and device location.
- Please ensure that device is capable of these requirements prior to the inspection timeframe in order to eliminate potential issues and delays. Use this link to test your device to ensure it is compatible with the remote inspection software: <https://inspections.oncamino.com/test>.

Please note that that Florida has a very broad public records law (Chapter 119, Florida Statutes). Information collected during the course of an inspection, including audio and visual recordings, may be made available to the public or media upon request.
